

Efendy

Efendy means “Gentleman” in old Turkish. It is used to describe people with traditional upbringing adopting modern views. It’s a name that fits our style of traditional and regional Turkish recipes - accumulated from and have influenced many neighboring cultures over the last five centuries - with a contemporary touch, using the best of local produce.

Our seasonal menu is designed using the best local and sustainable produce, creating variety of meze and larger dishes to share, representing different regions of Turkish Cuisine.

We recently renovated to offer our guests two distinctive new dining concepts – a casual and funky downstairs ideal for smaller groups, and an elegant restaurant mainly used by larger groups upstairs.

We are known for our guest focus and happy to change any of the menus to cater for your dietary requirements. From weekday bbq to canapés and chefs degustation, we have a menu and a dining experience suitable to your event, you just need to choose what you like.

Enjoy our hospitality and AFIYET OLSUN (enjoy your meal).
